Professional childcare for functions, parties and events

Tigerlily  
Mobile Crèche

## What is a Tigerlily Mobile Crèche?

Tigerlily mobile crèches provide high quality on-site childcare at business events or private functions – enabling parents to attend the event while professional staff take care of their children.

We transform a room or space at the venue into a magical, exciting and safe play area and spend the day entertaining, reading, playing, feeding and stimulating the children – leaving mum &/or dad to relax and enjoy their day.

Our mobile crèches are the perfect solution for event organisers looking to attract employees or guests who require childcare on the day.

## Client comments

*“On behalf of everyone who attended the wedding, I would like to thank Tigerlily so very much for providing the most perfect crèche service Jack and I could ever have hoped for. The staff were immaculately dressed, discrete and charming at every turn. Sam and Isaac, my two sons and all their friends had just the best time and at the end of the day I had to force them to leave Lucy and her wonderful team. Thanks Lucy”*

*“Tigerlily mobile crèche were recommended to me by a friend and my goodness they delivered. Our annual conference at The Gravetye Manor was the most successful we’ve ever held. Every single director and partner attended because childcare was available to those who needed it. Tigerlily’s themed crèche was so warmly received by the children who all want to come back next year. I’ve never seen so many happy faces – and I am not only talking about the children!. We’ve already booked Tigerlily mobile crèche for next year’s event.”*

*“Tigerlily aren’t like other childcare companies we’d worked with. For a start they listened to everything we said, they even allocated an event planner (thanks Lucy) who helped us with absolutely everything from day 1 through to organising the clean up at the end. Tigerlily’s staff on the day were so friendly and well presented - our client was delighted and has insisted we use Tigerlily in future – which of course we will.”*
